

LAWN & GARDEN
TRACTORS & ZERO TURNS

BRIGGS & STRATTON
CORPORATION

THE WAY TO
A BEAUTIFUL LAWN

Best mower out there.

*My second Simplicity®
in 30 years!*

*Best cutting lawn mower
that I've ever had.*

High-quality machine.

When you are looking for a lawn tractor, yard tractor, garden tractor or zero turn mower, there are many manufacturers and features from which to choose. But if you focus on what's important – dependability, quality of cut and having the best looking lawn in the neighborhood – your decision will be easy... Simplicity.

THE DEALER ADVANTAGE

NEIGHBORHOOD DEALER EXPERIENCE Your local Simplicity Dealer, a dedicated and experienced professional, will deliver your new mower to your home, teach you how to operate it if needed, and help you with accessories, seasonal maintenance, and provide factory approved parts and service. It's an added value to ensure your Simplicity will give you a beautiful lawn for years to come. Simplicity Tractors and Zero Turn Mowers are sold exclusively through independent dealers who give you the professional service you deserve. By purchasing through your local dealer, you will not only be getting a premium mowing experience, but your own trusted mowing advisor.

FREE FLOATING MOWER DECK

UNLOCK THE BEST LOOKING LAWN To get the best looking lawn in the neighborhood, you need a Simplicity tractor or zero-turn mower with our signature Free Floating™ Mower Deck. This exclusive mower deck features the ability to follow the contours of your lawn, has infinite height-of-cut control, and can pivot with front axle for a precise cut. The full-width rear rollers provide a smooth finish allowing you to unlock the secret to ballpark lawn striping.

QUICK HITCH™ REMOVAL SYSTEM

Easily detach the mower deck without using any tools to clean or sharpen your blades and interchange other attachments.

ELECTRIC HEIGHT-OF-CUT

Allows you to change the height of your mower deck to adapt to changing grass conditions with just the touch of a switch.

“HIGH QUALITY LAWN
TRACTOR WITH
EXCELLENT CUT”

LAWNSTRIPES: “I bought a new Broadmoor™ with 50-inch deck last year. It cuts beautifully, drives nicely and nothing has gone wrong in just over 40 hours use for lawn cutting and autumn leaf mulching. My Broadmoor seems well made and is at least as good in that respect as my last machine, a 2005 Regent™. The extra cutting width and stronger frame are welcome steps up for me. Cutting and striping are excellent, and the electric height adjustment is very convenient.”

TEXT FOR INFORMATION

To learn more about our products and what customers have to say, be sure to look for a “text to” number on each model’s page. Simply text the number with the appropriate model name and you will be directed to that Simplicity product review page.

“CONQUEST IS A WORK OF ART!”

JB FROM MA: “My new Conquest™ is a work of art. The traction control is AMAZING. Great turning radius. Tach, fuel gauge, and height-of-cut all on the color dashboard. PLUS, after the cut, you just put the blower on the deck and its clean. No hidden pockets that catch grass. Orlando’s garage gave me a test ride and answered all my questions.”

“BEST YARD STRIPES IN THE NEIGHBORHOOD”

SIMPLICITY MAN: “I upgraded from a Conquest to a Prestige™ last fall (2018). Mainly for the integrated hydraulic lift to operate my snow blower during the winter. I was very pleased with the performance of the hydraulic lift. This spring I added the Turbo Blower and Clean Sweep (3) bag grass catcher to the 52-inch deck. It has worked flawlessly. My yard looks great with this attachment. The tractor has worked flawlessly. The fuel injected engine starts right up and ran great in the cold during the winter. It has plenty of power to run the mower and turbo blower in our heavy, wet grass conditions this spring. Very pleased again with my Simplicity tractor and attachments.”

THE SIMPLICITY DIFFERENCE

SIMPLICITY DELIVERS BEAUTIFUL **BALL PARK STRIPES**

To learn how to achieve a professional grade lawn, visit [SIMPLICITYMFG.COM/STRIPING](https://simplicitymfg.com/striping)

PREMIUM EXPERIENCE Designed to deliver a beautiful cut lawn Simplicity Mowers offer high-quality and exclusive features like the Free Floating Mower Deck with stripe laying rollers, suspension comfort system, and a world class dealer network.

GET MORE DONE WITH ATTACHMENTS.

For full list of attachments, please see pages 22-23.

FRONT-END LOADER Featuring a 500-lb. lift capacity, a 48-inch bucket and a curved boom design, the front-end loader is easily installed and removed, making it the perfect addition to the big chores in your yard.

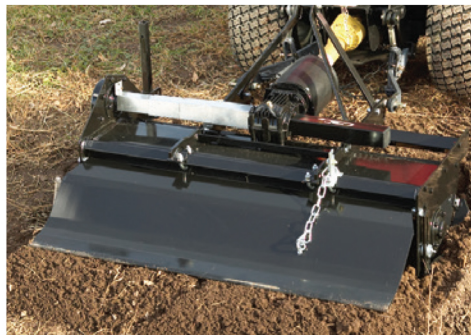

3-POINT HITCH Category 1 (modified) 3-point hitch and 540 rpm PTO allows operation of heavy rear attachments such as a tiller or rear mower. (3-Point hitch included on 4WD models.)

BACKHOE Hydraulic controls make each implement function efficiently. Backhoe: 9" wide bucket, digs 6.5-ft deep, with a 10-ft reach. Includes stabilizer arms.

61" DRIVE-OVER MOWER DECK A unique drive-over deck design to make installation and removal easy. Manufactured with 10-gauge steel, reinforced side skirts, overlapped welded corners and a steel reinforced edge, this deck ensures durability for the toughest yard conditions. A 52" fabricated mower deck is also available and features a Quick Hitch non-drive-over design. Both decks include a limited lifetime warranty.³

50" TILLER⁴ The heavy-duty 50" tiller features a heavy-duty gearbox and side shift positioning. With a tilling depth up to 7-inches, this will help you easily prepare a garden for spring planting or plow plant waste back into the soil for winter decomposition.

ADDITIONAL ATTACHMENTS

60" Snow/Dozer Blade	Soft-Sided Snow Cab	Mulcher Kit (for 52" and 61" mower decks)
48" Box Scraper/Scarifier ⁴	47" Dual-Stage Snowthrower	Front Weight Carrier
60" Powered Rotary Broom (requires drive shaft)	Turbo (for 52" and 61" fabricated mower decks)	Rear Weight Carrier
10-cu. ft. Dump Cart	17-bushel Wide Body Collector Cart (requires turbo)	33-lb. Quick Attach
Grass Catcher (requires tube hitch and turbo)	350-lb. Ballast Box	50-lb. Quick Attach
60" Rear Scraper Blade ⁴	Tire Chains	50-lb. Rear Wheel Weights

Briggs & Stratton Corporation has a policy of continuous product improvement and reserves the right to modify its specifications at any time and without prior notice. Products may vary from images shown.

Briggs & Stratton: All power levels are stated gross horsepower at 3600 rpm per SAE J1940.

Kawasaki: Only Kawasaki Critical Power engines listed in this brochure have been tested in accordance with SAE J1995, verified by TÜV Rheinland Group, horsepower-rated in accordance with SAE J2723, and certified by SAE International. Torque ratings of these engines were not certified by SAE. Actual power and torque output will vary depending on numerous factors, including, but not limited to, the operating speed of the engine in application, environmental conditions, maintenance, and other variables.
